TOWN WARRANT

STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Newington qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on Tuesday, the eleventh day of March next, at twelve of the clock, noon, to act upon the following subjects:

1. To choose, in the manner provided by law, a town clerk; one selectman, to hold office for three years; one selectman to hold office for two years; assessors of taxes; overseers of the poor; a town treasurer; a collector of taxes, a superintendent of burying grounds; a janitor of the town hall; auditors; highway agent; a library trustee, to hold office for three years; a trustee of town trust funds to hold office for three years.

2. To choose measurers of wood; surveyors of lumber; fence viewers; a pound keeper; constables; police officers and all necessary town officers.

3. To hear the report of the budget committee, and to act thereon.

4. To see what sum of money the town will vote to raise and appropriate for all town expenditures for the year ensuing, (as included in the budget).

5. To see if the town will vote to raise and appropriate the sum of Thirty Dollars, ($30.00) toward the expense of publishing the Inventory of the Town Records as compiled by the New Hampshire Historical Records Survey.

6. To see what disposition the town will vote to make of the town land and buildings.

7. To see if the town will vote to authorize the selectmen to administer, or to dispose of, any realestate acquired or to be acquired, by the town through tax collectors' deeds.

8. To see if the town will vote to authorize the Selectmen to discontinue such portions of the East Side Road in the Town of Newington which lie beyond the limits of the highway recently laid out by a commission appointed by the governor and council, where such portions are no longer required for highway purposes.

9. To see if the town will vote to authorize the Selectmen to hire money on the credit of the town, in anticipation of taxes; and to fix the rate of interest.

10. To see if the town will vote to allow a discount of five per cent. on 1941 property taxes paid on or before the first day of October 1941.

11. To transact such other business as, legally, may come before the meeting.

Given under our hands and seal this twenty-fourth day of February, 1941.

ALBERT E. HODGDON,
IRA A. COLEMAN,
Selectmen of Newington.

Newington, March 11, 1941.

We hereby certify that on the twenty-fourth day of February, last, we posted a true and attested copy of the within warrant at the place of meeting within specified, and a like copy at the meeting house, a public place, in said town.

ALBERT E. HODGDON,
IRA A. COLEMAN,
Selectmen of Newington

REPORT OF THE SCHOOL BOARD

We herewith submit the annual report of the School Board.

This last fall (1940) owing to the increase in pupils we were obliged to engage a third teacher, Miss Dorothy Lidstone of Worcester State Normal School, she teaching grade 4, 5, and 6. Miss Margaret Pickering grades 1, 2 and 3 and Mrs. Marion Kenison grades 7 and 8. All have rendered efficient service and we take this opportunity to thank them for their faithful work.

Our Superintendent, Mr. Roy Gillmore, is a man interested in his work and we feel that we are favored in being able to retain him. Each year he has striven to maintain a higher standard.

Mrs. Mary Poore has ably supervised the music for the past year and with the cooperation of the teachers has been very successful.

Mrs. Eloise Sheehy, our school nurse, is always watchful of the health of our children and much credit is due her for instructing our pupils in taking the necessary precaution thus preventing the spread of the epidemic in our town and saving us from closing our school.

We have received complaint on the plumbing conditions in the school lavatories. Having the same checked over by two plumbers we have been informed the toilets should be replaced by modern equipment in order to conform with the State laws. The present set-up is worn out and now is a menace to health.

We have placed an article in the warrant to have the voters act upon and we recommend action in favor of new equipment.

Regular and punctual attendance in schools count much for efficient school work and we want to urge every parent to see to it that their children attend school unless detained by sickness or some other emergency. Again we urge the parents and townspeople to visit the schools more frequently and familiarize themselves with the work and encourage both pupils and teachers by their interest.

Our P. T. A. association is doing fine work and this year their aim is to beautify the school grounds which when finished will be greatly appreciated by all.

Respectfully submitted,

MARION R. SPINNEY,
J. MANNING HOYT,
HELEN V. COLEMAN,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Newington:

I have the honor to present, herewith, my annual report as Superintendent of your Schools. It is the eleventh such report.

The current school year opened with 79 children enrolled in the two regular rooms of the buildings. When during the first three weeks an increase to 87 was recorded, the employment of an additional teacher became necessary. For this position Miss Dorothy Lidstone was employed. She is a graduate of the Worcester Teachers' College in the class of 1940.

In order that we might continue the preparation of our pupils for high school which has been so successful in recent years, it seemed that Mrs. Kenison must teach the upper grades. The pupils of grades seven and eight are now in their own room and receive the entire time of one teacher. Children entering high school face a critical time of adjustment to new surroundings. They need careful preparation. We believe they are getting this.

The middle grades room now has three groups instead of four as formerly. This allows the teacher more time for each pupil and results in better work to this extent. As this system becomes established a continual improvement in scholarship will result. The basis of the success of any school is, I believe, the work of the first grade teacher. Newington need have no doubts about its school as long as it has Miss Pickering in its service. She has worked faithfully, under sometimes trying conditions, to build the groundwork upon which the success of later years depends.

Mrs. Poore as teacher of music is instilling in the pupils' minds a love of music which will be a source of enjoyment to them throughout their lives. Her services are well

worth the slight cost to the district. Mrs. Sheehy, our school nurse, has accomplished much for us. She has the confidence of pupils, teachers and parents. Physical health is one of the main objectives of education. Toward this end she is devoting her time. Our thanks are due her, also.

It is difficult to foresee conditions in the next few years It does seem likely that the number of our pupils will continue to increase. If this increase becomes rapid, although it must mean some additional costs to the district itself, the larger share will fall upon the State of New Hampshire, since we are already qualified for State Aid.

Our State Aid item for the current fiscal year amounted to $411.40. Added to this was last years' adjustment of $73.39 making a total of $484.79. It seems probable that a special appropriation will have to be asked at the coming school meeting to cover the expense of the new teacher. Since it is certain that the third teacher will be State approved, increased aid will be received next year.

According to the figures of the State Board of Education, the average per pupil cost in the elementary schools of New Hampshire was $81.85 during the past completed school year. The corresponding figure for Newington is $61.49.

The rapidly changing social, economic and political conditions of the world in its present upheaval must have their effects upon school practices and school objectives. While there are eternal truths which must always be taught the coming generations, it seems evident that a realignment of emphasis must come about in educational programs.

The school of America has always taught democracy. It has taught democracy by its practice of equality for all —ability alone distinguishing one pupil's place from that of his fellows. It has taught democracy by studying the stories of great heroes, by learning the great truths which controlled the lives of these heroes. It has taught democ-

racy by implanting in the young minds a devout respect for religion and for religious thought. It has, in the later school years, placed the Constitution and the great documents of the democracy as required study. These are but beginnings, however.

When our children leave our schools they will be immediately faced with a conflict of governmental theory. Unless they are thoroughly acquainted with the foundations of democracy they will be confused. Unless they are trained to a deeper consciousness of the privileges and responsibilities of American citizenship, our school will be neglecting its present chief obligation. For this reason we shall ask the support of the citizens for increased emphasis upon certain subjects. There must be more teaching of the resources of our land. There must be more time spent in studying our social relations one with another. Daily it is becoming more important that people know how to live together. There must be a more definite preparation for the skilled trades. We have tended to overemphasize mental skill and disregard manual skill. It is the trained hand that our situation in the present and immediate future demands. The schools must help to meet this demand. We must become more definite in our school work. To this end we ask your aid.

Four Newington pupils entered Portsmouth High School, September 1940. These pupils earned thirty-three marks during the Fall term with but three of these as failing marks. Two of these three were in subjects new to elementary pupils. Let's give them and their teachers the credit due.

The building itself is in good condition with the exception of the toilet rooms. I believe you as a board are planning to make these satisfactory. With this accomplished you will be able in every way to take care of the larger numbers of children in the building.

May I again express my appreciation to the School

Board of Newington for advice and hearty cooperation given me in the work of the past year.

Respectfully submitted,

ROY W. GILLMORE,
Superintendent of Schools.

January 22, 1941.

SCHOOL NURSE'S REPORT

To the Superintendent of Schools and the School Board of Newington, N. H.:

Following are the health activities in the Newington school from January 1, 1940 to January 1, 1941.

Number of pupils examined	91
Pupils vaccinated	91
Pupils weighed and measured	91
Pupils with defective vision	6
Corrected vision	5
Pupils with defective tonsils	4
Tonsilectomies	2
Pupils with defective teeth	61
Dental corrections	24
Pupils attending dental clinic	14

Twenty-four visits were made to the school. As a whole, I find the condition of teeth poor. More children should attend their dentist every year or take advantage of the dental clinic.

I am in school every two weeks on Tuesday afternoon. Why not call on me then and discuss the health of your child?

I take this opportunity to thank our Superintendent of Schools, Mr. Gillmore, the School Board, Teachers and the people of Newington, for their cooperation and help.

Respectively submitted,

ELOISE SHEEHY, R. N.

January 28, 1941.
